Baltimore 3, Maryland

Dear Dr. Chenowith:

I have been advised by Mr. T. A. Keating of Marsh & McLennan that you are interested in the dust problem as it exists at the Zonolite Mine in Libby, Montana.

I am attaching a letter from Dr. Woodrow Nelson, M.D. of Libby, Montana, who has been working on this problem.

I would suggest you contact the doctors in Libby for the information you require for your study of this problem.

Very truly yours,

F. W. Rupp
Treasurer
