Many of the state departments of labor and federal agencies publish periodicals which are available upon request. With the exception of the state agencies, most of the

others are mentioned under the subject headings in this section.

A number of the trade journals have sections devoted to industrial safety. The safety engineer should become acquainted with those servicing the industry in which he is primarily interested.

Industrial Accident Prevention Books

In addition to this *Accident Prevention Manual*, representative and useful books on industrial accident prevention are

Association of Casualty and Surety Companies, Accident Prevention Department,
