

September 17, 1957

Mr. Paul Lange
Employers Mutuals of Wausau
6620 W. Capital Drive
Milwaukee 16, Wisconsin

Dear Mr. Lange:

This is in reference to your letter of September 5th,
regarding the application of CAFCO Spray.

CAFCO Spray contains mineral wool, asbestos, and inorganic
cementitious binders. At times the application may be dusty,
and we therefore recommend the use of dust respirators during
its application.

Sincerely yours,

COLUMBIA ACOUSTICS AND FIREPROOFING COMPANY
