Hi Samantha – I hope you’ve had a good week. Busy, I’m certain, especially with the Executive Order coming out on Tues. Great stuff in there! Anyway, I wanted to circle back to see if you are available to meet with me and some of our member company folks on the Point of Obligation issue late next week (Thurs. or Fri.)? If there’s a good time for you, we’ll look forward to seeing you soon. Have a great weekend. Will

I’ll need to put this on hold for now, the schedule is just too crazy. I’ll circle back with you next week and hopefully see you tonight at the API board meeting.

Hi Samantha – I just wanted to circle back to see if we could pin down a time on Thursday afternoon (or whenever else works for you) to talk about the Point of Obligation issue with a few API folks. Thanks for your consideration. Will

Thank you, Samantha! We'll obviously work around your schedule, but would Thursday afternoon work on your end? Please let us know a good time for you, and we'll get something down. If ok with you, I was planning to bring along just a couple of our technical experts so that we can talk through the issue with you. I thought it'd be better to do that first, and then we can circle back with our member company folks later (including Mary and BP) if that suits you. Thanks again, and we'll look forward to locking in a time and seeing you soon. Will

Yes, let's get this calendared. Can you reach out to Mary Streett and include her as well?

Thursday or Friday this week looks good for this.

Hi Samantha,

I hope you had a great weekend. Wanted to reach out and see if you were free later this week for a brief meeting with Will and the rest of the API fuels team re: Point of Obligation. I know last week you said there were some numbers that were unclear, so they wanted to come in and show you exactly what we mean. Do you have any time?

Also, I know the Administrator's Advance Team is working with Khary on Wednesday night, but if you think of anything else that you'd like prepared for him, please let me know! I hope to see you there!

Thanks,

Hilary
