How to Meet the Workforce Requirements of the President's Executive
Order 13781 Training Workshop

Experienced human capital executives and experts will share their insight and experience in developing and implementing long-term and near-term workforce management practices that will help attendees understand how best to improve performance, increase accountability, and reduce costs.

This workshop will provide you with practical, easy-to-implement tools and resources to help you achieve the best results through your agency's efforts to restructure, reshape and eliminate inefficient functions to achieve the goals of EO 13781 while enhancing employee performance to increase mission efficacy and increase retention.
