

1 You will also hear from an individual by the
2 name of Arnold Anderson, and Mr. Anderson spent his
3 entire work life working for Ford Motor Company.

4 These companies, Ford Motor Company in the
5 case of Mr. Wood, as well as the other companies, knew
6 or should have known that asbestos was harmful and
7 they would have known that as far back as 1930 when
8 the first report was available showing that asbestos
9 was linked to disease, and it does not matter that it
10 was not linked to mesothelioma.

11 They were on notice as far back as 1930 that
12 asbestos could cause a disease, and we know that even
13 prior to that in 1928, again, Ford Motor Company had a
14 medical library at that time.

15 Ford Motor Company during the course of its
16 selling brakes 1919 on up has probably sold tens of
17 millions of brakes on vehicles and with that there is
18 ample knowledge that they knew or should have known
19 and accordingly, they should have put a warning on
20 their products which they did not do until 1980.

21 These deaths would have been preventable
