Someone has got to tell the Burns Office to stop sending this stuff out to 400+ without using bcc.  
This is going to get ugly, ha ha ha!

**Subject:** Re: Burns District BLM Decision Record for DOI-BLM-ORWA-B050-2018-0016-EA

Spaying is a proven method. The mustangs are reproducing at a faster rate than their environment can handle. The general non horse public doesn't understand this issue at all, and the organizations like PETA just spread misinformation. This is way better than starvation, dehydration or slaughter.

You can bet your bottom dollar I will be appealing this.... Why do you think CSU pulled out of the study? They know how dangerous (and murderous) spaying would be on the range. This procedure needs to be done in a sterile environment with controlled and closely monitored recovery....risk of bleeding to death, infection etc....We the public will not tolerate such an experiment on our innocent wild mares....They do not deserve such brutality.
