Chevron Phillips PETROCHEMICALS Digital Invitation + Map PRINT.pdf

Excellent. Thank you, Millan.

Hayley – do you need anything else from me?

Attached is our attendee invitation for your review as well.

The speaking time for Pruitt has now been requested at 15-20 minutes if that helps as well. I think he has OU Dad's day on the 11th of November if I remember Ryan telling me correctly. We'd be done with our event by 11am CT on the 10th of November if that also helps.

Thanks so much!

Kristina,

I am so glad you reached out. Looping in Hayley Ford who is assisting with our scheduling. She will be able to work with you on this event.

Warm regards,

Millan Hupp

Hey Millan! I'm sure Ryan has a full plate and I thought I'd put this in your hands too. Do you need anything from me to get this confirmed?

It's likely that we'll have the other cabinet members there as well.

Hey Ryan!

Hope you are doing well! We're interested in inviting Administrator Pruitt to attend a VIP event we're holding on Nov. 10 at our Sweeny/Old Ocean, TX facility. The celebration is to mark our full downstream plastics operation and brand new unit as up and running. This is an excellent event to message TSCA implementation, the industry voluntarily taking initiative to lower emissions (the new unit as the most up to date technology with all the bells and whistles), energy jobs, the growing energy sector, the importance of worker safety (as Chevron Phillips boasts an impressive worker safety record), and of course – resilience of the industry to bounce back from Hurricane Harvey.

The event will begin at 10 am CT and a VIP tour of the new facility will be offered to a select group at 9:00 am CT. We'd love for Administrator Pruitt to give remarks for five to seven minutes (length of time is subject to change – may be longer) as 300 Chevron Phillips employees will be filling the audience. We'll serve light food/beverages for attendees. The entire event will be done by 11:00 CT. There will be a short time between the conclusion

of the tour at 9:45 am CT and the beginning of the event for meet and greet time with senior executives of Chevron Phillips Chemical, Chevron Corporation, and Phillips 66.

We'll have a step and repeat in a holding area for photos and any media interviews Pruitt would like to do. Of course, the opportunity for a gaggle is available before and after the event.

Other VIPs we are inviting are: Secretary Rick Perry (DoE), Secretary Alexander Acosta (DoL), Sen. John Cornyn, Sen. Ted Cruz, Chairman Kevin Brady, Rep. Brian Babin, Rep. Randy Weber, and Gov. Greg Abbott.

Do you think Pruitt would be able to attend?

Thanks, and let me know if you need anything else from me! We'll have a more formal invitation to follow.

Best,

Kristina

You are cordially invited to Chevron Phillips Chemical's

*U.S. Gulf Coast
Petrochemicals
Project Celebration*

on Friday, November 10th at 10:00 a.m.

12678 Loop 419 • Sweeny, TX 77480

RSVP to CPCcomm@cpchem.com

Chevron Phillips Chemical is entering a new era of growth with the start-up of its world-scale polyethylene units in Old Ocean, Texas. Please join us for a morning celebration to dedicate these new assets, which will deliver resins to our expanding customer base globally. Our new Old Ocean facility will produce the highest-quality resins for a variety of high-demand products including metallocene ~~film~~, modal ~~film~~ and pipe products, all using Chevron Phillips Chemical's proprietary MarTech® technology. Each unit is capable of producing 500,000 metric tons each annually and will play pivotal roles in our company's growth strategy for decades to come.

This invitation is non-transferrable.
