Linda Anderson in Process Chemicals just called me. Next Tuesday, some customers will present the "Partner of Choice" award to the W.G. Krummrich plant. She wants photos, Monsanto Magazine coverage, photos and whatever else (trade press release?).

I'll talk to Glynn about Monsanto Magazine to see if they want to cover it. It's already been in Monsanto Today. I can schedule a Monsanto photographer to take pix for the WGK lobby unless one of you has already arranged this. As far as outside press, has a trade press release been done? Kevin, did you have a plan to publicize this? Is it more product related than plant? I need some background.

Diane,

As a part of our transition you should be aware of the attached.
Work with Carl for development of press materials. I suspect the
award may be of interest to the Metro East papers.

Should you have any questions, please do not hesitate to inquire.
