Dr. R. Emmet Kelly,
Medical Director,
Monsanto Company,
800 N. Lindbergh Boulevard,
St. Louis, Missouri 63166

Dear Dr. Kelly: Re: Aroclors

In July there was reference to the action taken by your company to voluntarily restrict certain uses of these products. In the press article which I saw (copy attached) there is reference to teratogenic effects of PCB's in animals. Is this report accurate? I would appreciate any information you have on this possible toxic effect.

Sincerely,

Ernest Mastromatteo

E. Mastromatteo, M.D.,
