Re: EPA Settlement Discussions

Dear Roy:

Following our meeting on February 11, 1987, enclosed is a draft letter to EPA containing the Committee's work product. Although W.C. Holbrook had recommended forwarding the letter I was to draft without further review, Vista Chemical has requested an opportunity to review the letter; I do not believe that the short delay that will require would significantly affect the settlement discussions.

I would appreciate receiving any comments on the enclosed draft by Wednesday, February 18 so that I may make the necessary revisions and have it delivered to EPA promptly.

Cordially yours,

Peter L. de la Cruz
