Gentlemen:

Our Process Hazards Committee must establish handling procedures for all chemicals and commercial products prior to their acceptance at this location. We are using or plan to use your product, Asbestos Surfactant, C-100 and require additional data to develop these procedures. To assist us in accomplishing our objective, we would appreciate receiving the following information at your earliest convenience:

1. Fire and/or explosion hazards.
2. Toxicity data, with respect to irritation, ingestion and inhalation.
3. Existence of unusual hazards pertaining to the product (corrosiveness to body tissues, absorption by skin, etc.).

Thank you for your cooperation in this matter.

Very truly yours,

E. I. DU PONT DE NEMOURS & CO.
