INTER-OFFICE
CORRESPONDENCE

NEW YORK July 31, 1940.

Dr. R. A. Kehoe,

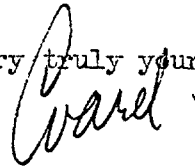

Dear Bob:

I have been very slow in acknowledging your letter of July 2nd relative to the rules and regulations to be supplied to our customers. I today, however, had a discussion with Mr. Webb on the subject and I am attaching hereto for your approval a draft of the proposed notice.

Both Mr. Webb and I fully agree with your statements relating to the distribution of leaflets at service stations and we have eliminated that provision from the rules and regulations.

Will you kindly let me have your approval as soon as possible as quite a number of our customers are pressing us, and we would like to have a supply of these sheets printed as rapidly as possible.

Very truly yours,

D:B

P.S. For purposes of comparison I am again enclosing the original regulations which were attached to Ethyl and "Q" License Agreements.
