The April dust counts from the various floors of the dry mill are tabulated below. The top two floors looked exceptionally clean, but there was some dustiness on the Half Deck and Second Floor.

Temperature was 46°, wind was 5 to 8 mph from the south to south-southwest and the barometer read 30.28.

	Dust Counts (mppcf)
Floor 6	4.1
Floor 5	2.1
Floor 4	3.7
Floor 3	6.6
Half Deck	8.7
Floor 2	9.0
Floor 1	2.1
