

Other Metals

Lead and titanium prices were lowered last week. Lead prices were put 1% a pound, to 12¢, a day after the ODM indicated that stock-piling of the metal probably would terminate at midyear. Reductions of 15¢ to 25¢ a pound were put into effect for titanium sponge. A-1 grade is now quoted at \$2.05 per pound, A-2 grade at \$1.85.

Zinc displayed further weakness
