Monsanto Company
800 N. Lindbergh Boulevard
St. Louis, Missouri 63166

Dear Elmer:

I am enclosing the summary sheets which I had with me at the time of my visit on September 19. I thought that I had left these with some of you.

It appears that there may be a liver effect at the highest level with all three materials, but liver enlargement was not accompanied by histological changes.

I understand that status summaries are being prepared and should be reaching you shortly.

With best regards.

Sincerely yours,

Otis
