Ken/Tate:

Great to see you today. You mentioned that you plan to be a road warrior by visiting the states to discuss environmental issues. We'd be happy to help put together a "primer" if that would be useful for your discussions. Please let Jim, Dave or me know what we can do to assist.

Best regards,

Jim

Great to meet with you, the Chairman and your team today. The Administrator was excited about the exchange today and looks forward to working with the NAHB to ease the regulatory burden and reduce costs to make home buying more affordable while still advancing the ideas good environmental stewardship.

Below is my contact information and I have copied my colleague, Tate Bennett, who is on the Administrator's senior staff in the Office of Congressional and Intragovernmental Relations. We can both be reached as it relates to any state or regional issues.

I look forward to meeting again.
