Re: J. G. Psathes' letter of July 15 to OCF

I attempted to fill out the form enclosed with Mr. Psathes' letter. Many of the questions referred to Physiological Properties which I thought should be reviewed with the Law Department first.

Tom Schuman wants to review this form with our Corporate General Counsel people and Dr. Konzan. He will be contacting you directly as to what the company should provide the Hunters' Point Naval Shipyard.
