Hi Roberto,

Just realized that your EC email address is probably not active anymore...

Kind regards

Hello Roberto – not sure whether you received my text message last week (I used your BE mobile number which I still had in my contacts). Would you be okay to have a quick chat about the PFAS submissions ? We submitted some very recent work (both on exposure and on tox) and I wanted to make sure it does not slip between the cracks given the thousands of submissions...

Kind regards
[REDACTED]

Hello Roberto,

How are you doing ? I saw in the ECHA newsletter that you'll be moving to ECHA as the RAC chair. Congratulations ! Big challenges ahead of course, PFAS being a huge fish to fry (also in my camp these days, I joined Honeywell last September).

Kind regards
