

Always **WHITE** Always **BRIGHT**

DU PONT HOUSE PAINT *CLEANS ITSELF!*

YOUR HOUSE will always look freshly painted when finished with Du Pont House Paint. For dirt and grime can't get a toe-hold. The rains just wash them away... leaving the paint sparkling clean... saving repainting bills!

Self-Cleaning Du Pont House Paint is so formulated that, as time goes by, a microscopically fine white powder forms on the surface. Heavy rains wash the powder away, taking dust and dirt with them, and leaving the surface clean and white again. The self-cleaning process may be delayed by the accumulation of dirt (particularly in sooty industrial areas) or if the surface is heavily shaded; also it will not insure against staining from metal screens. Because this "self-cleaning" is gradual, the wearing qualities of the paint film are not abnormally affected.

Available in white or popular tints. Self-Cleaning Du Pont House Paint is as durable as it is beautiful. It protects against rust, rot and decay—giving lasting beauty and protection. Yet it costs no more than other good paints. Call on a reliable painter for your painting jobs. He'll be glad to use Du Pont House Paint.
