RE: NPC v. Monsanto et al.

Dear Paul:

Relative to Westinghouse's most recent 30(b)(6) Notice of Deposition relative to standards and criteria for 1965-77 and 1992. There are several questions relative to Exhibit "A." Please seek a clarification as to:

1. Distribution transformers; do the defendants mean the distribution transformers at the step-down point (transmission to distribution) or the neighborhood distribution transformers; and
2. Capital budgets; do they want the person who pulls the distribution facilities budget together and presents it for approval, or the person[s] who pull the figures together

The persons that would respond to the 30(b)(6) notice are either no longer an employee of Nevada Power Company or are out of the office due to various reasons for the next two weeks.

Sincerely,

Susan E. Fogleboch, CLA
