RE: FOIA Request S-2004120102; subject: Asbestos in Hair Dryers

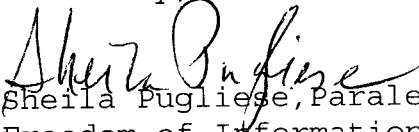

Dear Mr. Castleman

This responds to your Freedom of Information Act (FOIA) request seeking information from the Consumer Product Safety Commission (Commission). The records from the Commission files responsive to your request have been processed and copies of the releasable responsive records are enclosed.

Enclosed are copies of the Commission's index on Asbestos.

This completes the processing of your request. The cost to the Commission to perform the searches and prepare this information was \$50.00. In this instance, we have decided to waive the charges. Thank you for your interest in consumer product safety. Should you have any questions, contact us by letter, facsimile (301) 504-0127 or telephone (301) 504-7923.

Sincerely,

Sheila Pugliese, Paralegal
Freedom of Information Div.
Office of the Secretary

WASHINGTON, D.C. 20207

***INDEX OF DOCUMENTS REVIEWED BY THE COMMISSION
ON FILE IN THE OFFICE OF THE SECRETARY***

A copy of this index pertaining to the matter about which you inquired is being provided to assist you in describing the specific documents of interest. Should you wish to request copies of any of the documents on the index, submit a new request and **RETURN** a copy of the index with the requested documents marked or circled.

We must have your written expression that you will bear the costs of the processing of your request. Also please indicate the purpose of your organization or your need for the information. Fees charged for duplication and file searching and any fees to be waived are different for commercial use requesters, non-commercial, educational and research institutions, news media, and "others," including consumers and plaintiff attorneys.

The Commission's Freedom of Information Act (FOIA) regulations at 16 C.F.R. 1015.9, provide for the charging of fees resulting from the processing of FOIA requests. Among other charges, the fee schedule allows for the charges for file search time at \$12.00 an hour for clerical personnel and \$19.60 an hour for professional personnel and \$0.10 a page for duplication services.

If you have questions regarding this procedure, write or call the Commission's Freedom of Information Division, telephone (301) 504-0785.

U.S. CONSUMER PRODUCT SAFETY COMMISSION & GAF CORPORATION

The staff of the United States Consumer Product Safety Commission has informed GAF Corporation, 140 West 51st Street, New York, New York, of certain hazards it believes are associated with asbestos paper products that are sold to the consumer market and has asked GAF voluntarily to halt the distribution of asbestos paper products to this market, to urge its customers to halt the distribution of asbestos paper for this use, and to give notice of the hazard.

Although GAF has agreed to cooperate with the Commission, its actions. and this agreement shall not constitute an admission by the Company that asbestos paper products sold by GAF are a health hazard.

GAF manufactures and sells a starch-bonded asbestos paper to manufacturers and independent distributors who cut and repackage the product and resell it through hardware stores and other outlets for consumer use.

Representatives of the Commission's staff and of GAF have met and have agreed to the following terms:

I

1. GAF Corporation will discontinue the sale of asbestos paper products for sale or repackaging for sale to consumers either directly or indirectly, or to contractors for installations in residences.
