DOCUMENT DESCRIPTION: Letter

February 17, 1970

Mr. R. L. Pleiness
Senior Product Engineer
B.F. Goodrich Sponge Products
37 Canal Street
Shelton, Conn. 06484

This, Mr. Pleiness,

will answer your letter of February 9.

About six months ago, after three years of research and development, we published "THERMAL INSULATION" which is the most comprehensive manual to date in the field of insulation.

I am enclosing copies of two sections of this book dealing with rubber flexible pipe insulation. I trust this will be of use to you.

"THERMAL INSULATION" sells for $20 per copy and may be ordered from this office. The book deals with specifications for all pipe covering insulation, as well as with rubber flexible pipe insulation.

We would be most happy to receive an order from you for our book.

Truthfully yours,

John C. Pollock
Executive Director
