

My dear Dr. Wilson,
 Having the report about
 given to you by Mr. W. I have
 known from my own work
 usually day & night. I have
 had Charles Bay & by the report
 in Vancouver at that time
 not by a large group from
 a report. There are of course many
 features of the affair that will

regard your discussion with
reference.

I was more or less the last
in the series and I feel that

was the most
cause of death. I understand
however that it was not due

to lack of the spirit.

I shall be in Cincinnati
on the first of November and

I am further delayed and
shall be at a distance the

next time.

As far as I know now
I shall be able to see the problem
