RE: Aluminum and Invoices

Dear Phil:

We did check Invoices 2204, 2205, 2184, 2153 and 2154. We found on 2204, Item 36 should have been \$1.27 in lieu of \$1.09 and on 2154, Item 15 should have been \$127.60 in lieu of \$140.00. We felt these items insignificant in view of total business we enjoy with you and assumed problem might be one of our not explaining our nomenclature or not providing timely pricing documents to proper people. I will reprint our price lists and attempt to cover proper people and entertain any questions of nomenclature.

Enclosed is listing of Aluminum Jacketing and Elbow pricing that fabricators indicate should be good for sometime looking ahead.

If there are questions or comments, please contact the writer.

Very truly yours,
