

CHEMICAL MANUFACTURERS ASSOCIATION

September 10, 1998

Dear Vinyl Chloride Health Committee Members:

Attached is a slightly revised agenda for the Friday, September 11th conference call. Caffey Norman will be joining the group from London.

One of the important issues the Committee will discuss tomorrow includes development of communications materials on the epidemiology reports. Members are invited to have their company public relations folks sit in on the call.

As always, if you have any questions, please contact me at 703/741-5639. My fax number is 703/741-6091.

Sincerely,

A handwritten signature in cursive script that reads "Wendy K. Sherman".

Wendy K. Sherman
Manager, Vinyl Chloride
Health Committee
