DOCUMENT DESCRIPTION: Letter to Keasbey & Mattison from Vandiver Brown RE Impending Report upon Dr. Gardner's Experiments

April 26, 1948

Mr. Ernest Muehleck,
President,
Keasbey & Mattison Company,
Ambler, Penna.

Dear Mr. Muehleck:

You and Mr. Rohrbach are the only members of the group with whom I have communicated concerning the impending report upon Dr. Gardner's experiments. You will be interested to know that Mr. Rohrbach likewise favors a review of the report by a small committee prior to its being released to the entire group.

I am in agreement with you and Mr. Rohrbach, but I am not entirely clear as to how the matter should be handled mechanically. Since it was the asbestos textile manufacturers who underwrote the experiments, perhaps it might be appropriate for the president of the Textile Manufacturers Association to appoint a small committee.

Sincerely yours,

Vandiver Brown,
Secretary.
