FROM	J. E. Boudreau	ADDRESS	New York
SUBJECT	Statement re TML	DATE	January 15, 1960

Would you be good enough to clear the following statement with the proper authorities in Washington.

"The office of the Surgeon General of the Public Health Service has been fully informed as to the projected commercialization of tetramethyl lead.

The Surgeon General's office regards the program at the present time as within the province of the industries involved."
