Re: AGENDA - SPECIAL MEETING

MARCH 26, 1968

If you recall, the Chairman of the ASTM D-30 Sub-Committee III reported at the January 15 meeting of our Association that he had to disagree with the other participants at the last (7th) Copart Meeting concerning the compulsory printing of the word "chrysotile" on fibre bags. Consequent to a review of the matter, the Chairman of said sub-committee intends to propose for your approval at the Grand Bahama Meeting:

"That on every bag of fibre be printed the word CHRYSTILE".

In addition, the Chairman of the Occupational and Environmental Health Committee would like to bring up at the same meeting the suggestion that on every bag of fibre be printed the following warning:

"THIS PRODUCT CONTAINS ASBESTOS. INHALATION OF ASBESTOS DUST OVER LONG PERIODS MAY BE HARMFUL. EMPLOYEES EXPOSED TO DUST DURING USE IN APPLICATION SHOULD BE EQUIPPED WITH ADEQUATE PERSONAL PROTECTIVE DEVICES."

These two points are separate and particulars are forwarded for your advance consideration.

Sincerely yours,

Paul A. Filteau,
General Manager.
