Mr. H. W. Speicher  
Westinghouse Electric Corporation  
Headquarters Industrial Hygiene  
700 Braddock Avenue  
East Pittsburgh, Pennsylvania 15112

Dear Mr. Speicher:

Replying to your August 4 note, the product Armaspray is no longer manufactured by either our company or the Armstrong Cork Company. Although we have no information in our files on the other product mentioned, Limpet 25 White, we would suggest that you contact Mr. A. C. Richardson, P. O. Box 1742, Lancaster, Pennsylvania 17604, for information on this item. Mr. Richardson is a representative of the Atlas Asbestos Company in Montreal, who we understand manufacture this product.

I am sorry we could be of no direct help to you on this.

Sincerely yours,

  
C. Q. Livingston  
Marketing Manager
