Dr. R. A. Kehoe, M.D.,
Laboratory of Applied Physiology,
University of Cincinnati,
College of Medicine,
General Hospital.

Dear Dr. Kehoe,

I would be most grateful if you would send me a complete series of the publications of your department together with any other publications on the lead situation. I believe there are a number of official Government reports from Washington which I should like to have.

I am making very active search for a man and am collecting apparatus. As you can imagine the work is very heavy in these early stages.

With kind regards,

Yours sincerely,

E. C. Dodds
