Q And, in fact, it was a hand stamp, a very kind of traditional hand stamp that you put on those boxes; is that right?

A Yes, that was the instructions, yes.

Q And it is my understanding, from reading some things, that you have said before that you were the actual person to go out and purchase this stamp; is that right?

A Yes, it was my responsibility to see that it was taken care of.

Q And I take it, despite the fact that we have some photographs here today, we don't have the stamp or a picture of the stamp or anything like that; is that correct, sir?

A That is correct. The stamp was only used for a short period of time.

Q Now, prior to the purchase of the stamp, it is true, is it not, sir, that you were running three shifts a day out at the Berlin plant, 24 hours, seven days a week and shipping Kaylo all over the country; is that correct?
