Dear Scott,

I hope you're well. It was great meeting you last night at [REDACTED]. I wanted to send you my application materials electronically and give you a brief description of how I think I could contribute to the mission of Interior as a political appointee.

I am passionate about pragmatic natural resource conservation and helping to make our government function more efficiently and effectively. As I outline in my attached cover letter and CV, I have a unique background in both technical and public affairs issues.

I'm also attaching the analysis I gave you last night on sub agency performance at Interior using the Federal Employment Viewpoint Survey. I envision these sorts of analyses and others can help Department leadership make targeted improvements in under performing parts of their agency.

I believe I would be a good fit in the following positions or associated areas:

- Senior Advisor to the Secretary
- Principal Deputy Assistant Secretary Fish and Wildlife and Parks
- Deputy Assistant Secretary Fish and Wildlife and Parks
- Principal Deputy Assistant Secretary Water and Science
- Deputy Assistant Secretary Water and Science

Let me know if you have any questions or suggestions for moving forward. I'd love to have the opportunity to introduce myself to decision makers in this process.

Thanks so much,
