

1 Q Who other than yourself attended?

2 A Various people who were probably members of our
3 Asbestos Study Committee and other people who were involved
4 with asbestos and brakes. But I don't remember who they
5 were.

6 Q Do you remember whether the chair of the Asbestos
7 Study Committee was there?

8 A No, I do not remember.

9 Q Do you remember having to report to the Asbestos
10 Study Committee about what occurred?

11 A No, I do not remember.

12 Q Did you take any notes?

13 A Nope. The report was nebulous. What I am saying
14 is that they came to the conclusion that they hadn't come to
15 a conclusion yet.

16 Q Did you prepare any writings after that?

17 A I don't recall.

18 Q How many people were there?

19 A I would say between ten and 20.

20 Q How many did you know from the FMSI or the
21 membership thereof?

22 A I don't recall. There were probably two or three
23 people who I knew there.
