Earl, great to hear from you my friend. I am sorry to hear you lost some trees, but am glad you all are doing ok and hopefully things are getting back to normal.

I have copied Sarah Greenwalt, who was the Administrator's policy expert who was at the event.

As always, please let me know if we can help and let me know the next time you are in D.C.

Troy, hope you are doing well. We survived Irma but lost a lot of trees in the process. We did however get our power back this evening. I have a question, there was a young lady who attended our function for Administrator Pruitt and Secretary Perdue at Gully Branch whose responsibility for EPA was Policy Director. I was wondering if you could provide me with her name and contact info. I have a friend who will be in DC next week and wanted to stop by and introduce himself to her. Any help would be appreciated.

Thanks,
