

Cloud Peak Energy is a leading U.S. coal producer. Our coal provides America with reliable, affordable electricity and energy independence, while we operate in a safe, responsible manner.

Cloud Peak Energy Inc. is headquartered in Wyoming and is one of the largest U.S. coal producers and the only pure-play Powder River Basin coal company. As one of the safest coal producers in the nation, Cloud Peak Energy mines low sulfur, subbituminous coal and provides logistics supply services. The company owns and operates three surface coal mines in the PRB, the lowest cost major coal producing region in the nation. The Antelope and Cordero Rojo Mines are located in Wyoming and the Spring Creek Mine is located in Montana.

**1,300 jobs**  
One of the largest employers in the State of Wyoming

**\$263m**  
in community contributions and purchased goods and services

**Tons Sold from Company Owned and Operated Mines**

In 2015, Cloud Peak Energy shipped approximately **75.1 million tons** from its three mines to customers located throughout the U.S. and around the world.

**3.6m tons** exported to Asia in 2015

Cloud Peak Energy significantly contributes to U.S., state and local economies. From taxes and royalties paid, to community contributions and goods and services purchased, the company is committed to making our communities a better place to live, work and raise a family.

**\$303m**  
2015 total tax and royalties paid by Cloud Peak Energy

Cloud Peak Energy also owns rights to substantial undeveloped coal and complimentary surface assets in the Northern PRB, further building the Company's long-term position to serve Asian export and domestic customers. With approximately 1,300 total employees, the company is widely recognized for its exemplary performance in its safety and environmental programs. **Cloud Peak Energy is a sustainable fuel supplier for approximately three percent of the nation's electricity.**
