Mike:

Attached for your review is what is intended to be the final version of BLM's response to E.O. 13783.

For the time being, the response is in two parts. The parts are as follows:

1. The first file is a CLEAN version of the content provided by WO-200, since I believe you've already reviewed and approved Kristin's responses to your edits.* This attachment also contains a CLEAN version of the mitigation piece that WO-400 provided. The WO-400 mitigation piece begins near the bottom of pp. 2 and continues to about the middle of pp. 4 (there is a comment from me in this document, flagging where the WO-400 mitigation piece begins).
2. The second file shows the responses from WO-300 (Shelley McGinnis) in Track Changes, responding to your edits.

Please make any additional edits to either attachment using whatever method works best for you (i.e., marking up a hard copy, using Track Changes, etc.). When you're finished editing, please send me your edits. In the alternative, I'm cc:ing Kelly Orr here if you would like staff help transmitting your edits (Sorry, Kelly! I know you've got a full plate with facilitating, etc.).

Once you've approved the contents of both parts, I'll create a single, CLEAN, master version, which I will then send to ASLM.

I'm standing by, ready to answer your questions. Please call me at 202-208-4586 if you need anything.

Peter

* If I misunderstood our conversation this morning, and you still need to review and consider Kristin's responses to your edits, let me know: I'll send you a Track Changes version of same.

Peter,

I'm good to go with the WO-200 and WO-300 Edits. Attached you'll find my edits to the WO-400 Mitigation Section... Once incorporated, please move the complete package forward... Again, thanks to you and the team a getting this done...

Take care and have a wonderful day! :)

I'll incorporate your edits to the WO-400 Mitigation section, create the "Uber Master Clean Version," and send to ASLM ASAP (I'll cc: you, Kristin Bail, Tim Spisak, and Chris McAlear).
