Claim No. 60 SF 193-854
Inj: Asbestosis

REPORT OF REFEREE ON ORDER APPROVING
COMPROMISE AND RELEASE

Asbestos worker, born February 28, 1896, claims asbestosis as the result of industrial exposure in employments for numerous employers going back some 15 years. Overall, including his employments in the industry in various out-of-State localities, he has a history of approximately 30 years of intermittent exposure to asbestos dust.

The record shows that applicant continued working until May, 1959, when he was seized with sudden severe chest pains. He was hospitalized on a diagnosis of coronary occlusion. Chest X-rays taken at that time were interpreted as showing evidence of asbestosis.

It is now proposed to settle the case by the payment of \$3300.00, nothing having been paid heretofore.

Concerning the present cause of disability, Dr. Horton C. Hinshaw, Jr., states as follows:

"The degree of asbestosis evident on X-ray here would not be expected to lead to heart disease, and also the type of heart disease produced by lung disease is quite different from disease which leads to coronary occlusion, which this patient apparently has had. Consequently, it would be my opinion that his heart disease is a separate condition and not directly related to his asbestosis".

On the basis of pulmonary function tests, the doctor concluded in his final report that the patient's symptoms were to a large degree due to his heart disease and not to asbestosis. Indeed, on the basis of diffusion capacity test, it was his judgment that the asbestosis was so mild as not to be disabling or productive of any symptoms.

In an earlier report, Dr. Norbert Frey, on behalf of the applicant, had concluded that the patient had a moderate degree of pulmonary fibrosis, which was productive of some shortness of breath. He expressed no opinion concerning the industrial contribution to the over-all disability.

On the record, the settlement is fair and adequate.

DISPOSITION: Order Approving Compromise and Release to be paid to said applicant, less \$30.00 to Norbert Frey, M.D., and less attorneys' fee of \$300.00 and reimbursement costs of \$22.00 to be paid to applicant's attorneys out of the amount payable by State Compensation Insurance Fund.

Our records do not show the amount of earnings in each quarter of 1937 because employers were required to file reports only twice in that year.

Mr. Harding's account shows no earnings for 1939 and 1947.

Sincerely yours,

AIR MAIL

Gentlemen:

Your January 12 letter to AC&S's San Francisco Office regarding Clifford Harding has been referred to the writer.

His wages with corresponding hours worked are as follows:

<u>Week Ending</u>	<u>Wages</u>	<u>Hours</u>
10-12-51	\$ 38.78	15
10-19-51	103.40	40
10-26-51	62.04	24
12-5-54	201.60	32
12-12-54	126.00	40
12-19-54	226.80	40
12-26-54	126.00	40
1-2-55	226.80	56
1-9-55	126.00	40

In view of his limited employment with Armstrong Cork Company our cost under apportionment procedure in the case of an asbestosis claim would be negligible.

Standard Accident Insurance Company has already requested limited information regarding Clifford Harding.

Very truly yours,

Re: B-

Clifford Harding - Injured
D/A ?

Gentlemen:

The question I am about to ask you will probably involve getting records of this man's employment from your Eastern office.

We have an Application filed before the Industrial Accident Commission by Mr. Harding alleging over the years he has contracted asbestosis and is seeking compensation benefits therefor.

I do not have the exact dates of employment, but it will undoubtedly involve the previous carrier, The Standard Accident Insurance Company also.

To the best of our ability to learn, he was employed by you during 1953, 54, and 55, and his present address is 1407 Howe Avenue, Sacramento 5.

We do not have his social security number, but his date of birth is given as February 28th, 1896.

Would you kindly set in motion the machinery to secure for us the exact dates of his working for you and his exact ^{gross} weekly earnings, so that we will know what policy year to charge this loss to.

I am sending this letter to you in duplicate in the event you wish to refer it to the Standard Accident Insurance Company. Thank you.

Very truly yours,

A. J. Schaefer

Re: B-

Clifford Harding - Injured
D/A ?

Gentlemen:

The question I am about to ask you will probably involve getting records of this man's employment from your Eastern office.

We have an Application filed before the Industrial Accident Commission by Mr. Harding alleging over the years he has contracted asbestosis and is seeking compensation benefits therefor.

I do not have the exact dates of employment, but it will undoubtedly involve the previous carrier, The Standard Accident Insurance Company also.

To the best of our ability to learn, he was employed by you during 1953, 54, and 55, and his present address is 1407 Howe Avenue, Sacramento 5.

We do not have his social security number, but his date of birth is given as February 28th, 1896.

Would you kindly set in motion the machinery to secure for us the exact dates of his working for you and his exact weekly earnings, so that we will know what policy year to charge this loss to.

I am sending this letter to you in duplicate in the event you wish to refer it to the Standard Accident Insurance Company. Thank you.

Very truly yours,

A. J. Schaefer
