NEW YORK 17, N. Y.

Pigments and Chemicals Division

November 7, 1956

SUBJECT: RED LEAD TECHNICAL  
COMMITTEE MEETING

To Members of the Red Lead Technical Committee:

There will be a meeting of the Red Lead Technical Committee of the Lead Industries Association on Monday, November 15, 1956, at 9:30 A.M. in the offices of the Association.

A tentative agenda follows:

1. Approval of minutes of previous meeting of September 18, 1956.
2. Red Lead Technical Letter No. 11 - Steel Structures Painting Council criticism.
3. Report of secretary on highway specifications.
4. Preparation of Red Lead Technical Letter No. 12 - Highway Specifications.
5. U. S. Navy's Destroyer Tests of Bottom Paints - U.S.S. Vogelstein scheduled for dry docking in November, 1956.
6. Chairman's report on request to Mr. L. D. Jessup for permission to visit navy yard personnel who replied to survey on increased costs of applying red lead.
7. Wetting characteristics of red lead.
8. Present galvanizing processes and procedures.
9. L.I.A. Project 19 - Inspection report.
10. L.I.A. Project 23 - Progress report and review of the paint formulations included in test.
11. Hot spray application.
12. Improved storage of red lead paste.
