January 25, 1953

Dear Bob:

Thanks a lot for the
care with which you answered
my letter on ethyl gasoline.
I am afraid I was taken in by
the signs, and forgot my home
work. Anyway, my suggestion
to Caltex for a hand pump is all
to the good.

Your letter went all the
way to Addis and back. I got
to enjoy New Years with the family.
but Christmas was spent at Beirut.
