R. F. Wolff

Based on my discussions with OSHA and our brief meeting in Danury, it is suggested that we finalize on the larger label modified to show the Calidria logo and the King City address (copy attached). Mr. McClure has no problem with the King City address. I do not see any reason to wait for a change in the art work before sending it to OSHA.

The draft letter for your signature is also provided. Mr. Gibbs suggested that more prompt action would result if it went directly to John Miles and this change is reflected in the draft.
