Dear Ms. Goodell:

Enclosed are three copies of post-hearing comments on the proposed permanent standard for vinyl chloride submitted by Dow Chemical, U.S.A.

The post-hearing comments include the following items:

- I. A partially corrected copy of the hearing record covering the cross-examination portion of Dow's testimony.
- II. Additional data requested during the hearing.
- III. New experimental data on vinyl chloride.
- IV. Comments and recommendations on the proposed standard.

We hope these comments will be of assistance to OSHA in their preparation of a permanent standard for vinyl chloride.

Very truly yours,

D. A. Rausch
