Subject: Sean's info and thanks

It has been the honor of a lifetime to serve the President and the American people as the White House press secretary. I especially want to thank the President and the First Lady for their support during my tenure and for giving me this opportunity. Walking into the White House every day is a privilege that few in our country experience and I am grateful for it.

I would not have been able to my job without the amazing team the President has assembled, especially the dedicated members of the communications, digital and press teams. I also am eternally grateful to the countless additional staffers who support the White House daily -- including the service members of White House Military Office, the Secret Service, the Residence Staff, and so many other talented individuals.

As I sign off this email address for a final time, I want to say thanks. I am proud to have worked with each and every one of you.

All the best,
Sean Spicer
