Sydney,

The audience will be entirely made up of executives and employees of the ICAC member companies, along with some AJW staff. The full list of member companies is available on the ICAC website: <http://www.icac.com/?page=Members>

These are the companies that manufacture and service the technologies that allow coal and gas combustion units to operate within requirements for meeting clean air standards.

Please let me know if you, or anyone else has further questions, and thank you again for all of your help.

Best,

Hessler

Sydney,

Thank you for this. Attached is the completed form.

Also copied on this email is Haley Armstrong, with the ICAC. She can help if there are any follow-up questions.

As you will see from the attached form, we would ideally like to have the ICAC folks meet with several officials in one location – if that can be arranged. We are working with Mary Neumayr over at CEQ on this as well.

Regards,

Hessler

Good morning Christopher,

Hope you're well! My apologies for the delay in reaching out! Ryan forwarded over the request for the Administrator to speak at ICAC. Would you mind filling out the attached so that we may begin processing the request?

Thank you!
