Subject: RE: EPA Grant Award for UNO-Pollution Prevention Regional Information Center

Michael...You rock! I'm going to reach out to UNO and see if they would like to do something this Friday as we are still holding the time.

Thanks!

Danielle Jensen

Here's the other answers to your questions. Like we said before, we're ready to push this around whenever you guys would like to. I know we discussed November 10th, but if that's too quick to set something up, we can move it to another date. Let me know if you need anything else.

- 1) **Has the grantee been notified that the award has been issued?**
 - a. The recipient was notified of the final increment of Federal funds on October 19, 2017.
- 2) **Please provide a few contacts from the University of Nebraska that can work with HQ OPA to coordinate activities and timing of the release.**
 - a. UNOM contacts:
 - i. Jean Waters, Community Service Associate, jwaters@unomaha.edu 402-554-6259
 - ii. Mary Laura Farnham, Director, Sponsored Programs and Research, unosponpro@unomaha.edu 402-554-2286
- 3) **Please provide a narrative statement that explains how much has been awarded for this grant so far (including this amendment), as well as how much the total anticipated award is expected to be.**
 - a. This cooperative agreement was awarded 08/22/16 with an increment of Federal funds in the amount of \$110,000. On 06/13/17, a second increment of Federal funds was provided in the amount of \$60,500 (NP 97758001-1). This award was fully funded with the final increment of Federal funds in the amount of \$49,500 (NP 97758001-2) awarded on 10/12/17, for a total of \$220,000 Federal funds (10/19/17 Mail date/recipient notified). The total project cost is \$440,000 with a 50% match from the recipient. The project end date is 09/30/2018.

Hey Danielle sorry for the delay, I just got this back this morning. I'm in the process of getting the contact information, and should have it within the hour.

"The Pollution Prevention Regional Information Center (P2RIC) will provide customized Market Research Reports (MRR) to eight Technical Assistance Programs (TAPs) which will help them identify businesses in their state that (1) are high emitters, (2) produce significant economic impact, (3) have local environmental impact, and (4) are located in a high density area of peers, and (5) contribute to environmental impact in the National Emphasis Areas (NEAs) of food processing, greenhouse gas emitters, or toxics emitters. P2RIC will provide consolidated data and analysis to assist the TAPs with outreach."

Hi Michael!

Just wondering if you had had a chance to locate a summary of the grant and contact information at UNO for me? I'm still not sure who to reach out to about announcing the award. Which leads me to another question...do they know yet they are receiving the grant award? Or will they hear from it us?

Subject: EPA Grant Award for UNO-Pollution Prevention Regional Information Center

Hello Michael,

I'm the Communications Director for Congressman Bacon and James Wright forwarded your email to me about an EPA grant being awarded to UNO for their Pollution Prevention Regional Information Center. From my understanding the EPA is looking for a quote from Congressman Bacon, as well as participation in a ceremony for the presentation. James had indicated to me that a date of 11/10/17 had been discussed. Has there been any contact with UNO about setting this up or we were going to arrange something?

I look forward to working on this with you to ensure a good media opportunity for the EPA, UNO and Congressman Bacon.

Thanks.
