Subject: FW: REMINDER: Shanghai Health Study conference call - Monday, June 25 at 1 PM EDT

Patsy:

I have a lunchtime Shell Health - Toxicology meeting on Monday morning and I am bringing the lunch !
Accordingly I might not join the call on Monday or I might be late. You should expect Jennifer to report that the Technical committee discussed Chris Hover as the QA replacement for Judy Baldwin and decided this is our choice. I think API is working the details to get the QA process back on track. I reminded Jerry and Bruce of the need for a SRP call with Otto and the need for the ERP to discuss tissues.

Have a nice weekend

Stuart

Russ:

As I recall, the amount requested from Fudan for Otto appears to be close to what we expected, but I cannot locate the latest budget estimate. Looks like we now have closure for all of the elements.

Thanks

Stuart
