Doctor Robert A. Kehoe
Director - Kettering Laboratory
University of Cincinnati
Cincinnati, Ohio

Dear Dr. Kehoe,

The paint industry in this area has been concerned with reported cases of lead poisoning in young children of this city.

We are trying to collect as much information on this subject as possible, so as to properly approach the problem. Your name has been mentioned as an outstanding authority on the subject. I would indeed appreciate your assistance in our investigation by referring us to any information you may have published on the subject of "Lead Poisoning in Young Children". Any suggestions that you might have would be most welcome.

Very truly yours,

EAGLO PAINT & VARNISH CORP

A handwritten signature in dark ink, appearing to read "Herbert E. Hillman", is written over the typed name.
