Mr. Albert J. Rosso, M. D.
Industrial Hygiene Physician II
State of New York
Department of Labor - State office Bldg.
65 Court Street
Buffalo, New York 14202

Dear Doctor Rosso:

This letter acknowledges receipt of your memo dated November 8, 1974 whereby you request information relative to our product "Ready Mix Joint Compound."

Because of the highly confidential nature of this information, you will have to bear with me until such time as I am able to secure the necessary release to provide the data requested.

I will contact you again at that time.

Yours very truly,

James R. Hurd
Personnel Manager
Gypsum Division

INTERDEPARTMENTAL COMMUNICATION

TO: Mr. J. R. Hurd
FROM: J. D. Rauch
SUBJECT: Joint System Asbestos Tests
for OSHA

DATE: December 2, 1974

LOCATION: Portland

LOCATION: Akron

cc: Mr. H. W. Peale - Wilmington

The Akron Joint System Plant will be due for air sampling tests for air born asbestos levels on January 15, 1975.

This is only 45 days away, so will you please schedule this testing with Mr. George Greene at the Tigard Laboratory.

J. D. R.
