

TAPE

FRICION TAPE

The "old dependable" $\frac{3}{4}$ in. wide friction tape is available in varying lengths. Safe and economical to use in garages, service stations, shops and homes. Has dielectric of 2000 volts and is abrasive resistant.

A. 4-1933	60 in. roll	Price	17¢
4-1933B	Display Pkg.	Price	17¢
B. 4-1934	156 in. roll	Price	27¢
C. 4-1935	30 ft. roll	Price	44¢
4-1935D	Display Pkg.	Price	44¢
D. 4-1936	60 ft. roll	Price	78¢
4-1936D	Display Pkg.	Price	78¢
E. 4-1937	Shop can of 10 rolls 4-1936	Price	\$7.80

PLASTIC ELECTRICAL TAPE

Regular Type

Super thin flexible tapes stretching up to 150% and having a very high dielectric. They are not affected by water, oils, greases, acids, alkalies and are very resistant to corrosion, rot, mildew and fungus. An ideal tape for the many uses in the automotive, electrical and household fields.

F. 4-1929	66 ft x $\frac{3}{4}$ in. roll in plastic dispenser	Price	\$1.96
G. 4-1930	150 in. x $\frac{1}{2}$ in. roll	Price	32¢
4-1930D	Display Pkg.	Price	32¢
H. 4-1931	20 ft. x $\frac{3}{4}$ in. roll	Price	72¢
4-1931D	Display Pkg.	Price	72¢
I. 4-1932	66 ft. x $\frac{3}{4}$ in. roll in can	Price	\$1.96
4-1932D	Display Pkg.	Price	\$1.96

Automotive Type

Plastic electrical tape. Custom made for the auto repair man. Gives a good, tightly wrapped job and is easy to tear. Resists oil and grease and protects against water, temperature extremes and abrasions. Has good dielectric strength. 60 ft. x $\frac{3}{4}$ in. roll in plastic dispenser similar to 4-1929.

4-1928	Price	\$1.92
4-1928D Display Pkg.	Price	\$1.92

PLASTIC ELECTRICAL TAPE

Cold Weather Type

Specifically manufactured to give improved performance at low temperatures while remaining serviceable under all climatic conditions. Has dielectric strength of 10,000 volts and is resistant to oils, greases, acids, alkalies, etc. Rolls are 60 ft. long and $\frac{3}{4}$ in. wide.

J. 4-1938	Roll in plastic box	Price	\$2.00
K. 4-1939	Roll in plastic dispenser	Price	\$2.00
4-1939D	Display Pkg.	Price	\$2.00
