

1 factories and fields and research findings have proven
2 that normal handling of Kaylo product is safe from a
3 health standpoint.

4 The usual precautionary measures taken for
5 any product containing asbestos are needed in a
6 continued exposure to heavily concentrated Kaylo
7 dust.

8 Thank you, Your Honor.

9 The next exhibit at tab 2 will be OCF-84
10 dated June 30th, 1964.

11 THE COURT: It will be admitted in
12 evidence.

13 MR. McGOWAN: Thank you.

14 (Whereupon, Defendant's OCF Exhibit Number
15 OCF-84 was received into evidence.)

16 MR. McGOWAN: It is a memo from Walter to
17 W.C. Taylor.

18 First paragraph.

19 In the absence of Mr. Pfeifer, with whom I
20 am associated, I shall answer your letter regarding
21 the possibilities of health hazards in connection with
